

MARTIN® Thermo Safety Shield

Shown with optional flanges and lock.

Air Cannons are necessary equipment for high-temperature operations such as lime kilns, cement plant preheater towers, and clinker coolers.

The MARTIN® Thermo Safety Shield allows timely and safe maintenance of air cannon systems.

It protects employees from exposure to severe temperatures so that maintenance can take place safely and productions stays on schedule.

Allows Air Cannon Systems to Receive Safe and Timely Maintenance.

Protects Employees from Severe Temperatures.

Encourages Lock Out/Tag Out.

Simple to Operate.

Simple To Install.

Fits Any Make of Air Cannon.

ABC's of Efficiency for High-Temperature Processes

- A. Production **MUST** Go On.
- B. Air Cannon **MUST** Work or Personnel Must Fix.
- C. Personnel **MUST** be Protected When Performing Maintenance.

Therefore:

MARTIN® Thermo Safety Shield *MUST* be installed.
