

Martin® Magnetic Urethane Patch

The [Martin® Magnetic Urethane Patch](#) is a quick and easy way to reduce chute wear and repair worn chute walls without the need for welding or other fastening systems. Constructed of one inch thick urethane with embedded magnets.

BENEFITS

- Simple Installation**
 Just position patch on a metal surface. No welding or bolting required.
- High Strength**
 Embedded magnets hold the urethane patch securely in place on chutes and vibrating screens.
- Removable**
 Patch can be easily removed or repositioned if necessary.
- Matches Your Application**
 Two sizes available, from 6 X 6 to 12 X 12 inches. Urethane can be trimmed to fit application.
